

Abergavenny Building

Space in abundance

This building is one of the largest indoor event venues in the South of England, with 3,300m² of sanded floor space. Frequently utilised as a leisure and sporting arena for events, the space benefits from two sand schools next to the building.

Flooded with natural light from the skylights above and with great natural acoustics, this arena really is immense in scale. The building is a purpose-built space for events that require vehicle access, with plenty of parking nearby and all-weather protection for year-round use.

Perfect for:

- Exhibitions
- Auctions
- Dog shows
- Livestock events
- Drive-in events
- Trade shows
- Jamborees and all-weather music festivals
